EXPERIENCE

Investment Banking Off-Cycle Analyst Seabury Capital Worked on four aerospace and defence M&A mandates across EMEA and North America, managing buy-side and sell-side processes. Coordinated buyer diligence, prepared transaction materials including teasers and CIMs, and built valuation analyses using DCF, trading comparables and precedent transactions. Developed an LLM-assisted workflow that reduced weekly M&A report compilation time from 2 hours to 45 minutes.	Oct 2025 — Present <i>London, United Kingdom</i>
Private Equity Summer Analyst Auctor Group Screened 20+ acquisition candidates across the UK and France for a food-robotics startup, narrowing targets to six for diligence. Prepared investment-committee memos on shortlisted targets with three-statement, DCF, LBO and sensitivity analysis. Analysed portfolio-company staffing costs and identified margin opportunities from aligning labour intensity with demand.	Jan 2025 — May 2025 <i>London, United Kingdom</i>
Mergers and Acquisitions Analyst Super.com Developed a screening framework for 30+ North American BNPL companies, normalising inconsistent public disclosures into comparable fields. Analysed M&A strategies and outcomes across 20 technology companies and presented recurring strategic patterns to VP of Corporate Development.	Jan 2023 — May 2023 <i>Toronto, Canada</i>
Research Analyst - Portfolio Strategy Desk Canaccord Genuity - Global Capital Markets Built and tested a random-forest machine learning model on macroeconomic and market data to analyse price movements across 10+ sector ETFs.	Sep 2022 — Dec 2022 <i>Montreal, Canada</i>
