

Frank Oczkowicz

Deployment Strategist, Commercial Business

United States | [LinkedIn](#)

Wharton CS & Finance student and Palantir Deployment Strategist focused on AI infrastructure and energy supply chain optimization. Recent founder at Zorbe building distilled AI models.

EXPERIENCE

Deployment Strategist, Commercial Business Palantir Technologies Working across AI infrastructure and energy supply chain to help data center developers improve speed to power by identifying site, grid, and infrastructure bottlenecks. Built a credit monitoring workflow for banks to monitor loan portfolios more efficiently by integrating loan, covenant, and operating data to flag early warning signals and prioritize at-risk exposures.	Aug 2026 — Present <i>New York, NYC</i>
Product Intern UniCredit Aggregated data from 30+ branches twice weekly to provide bank-wide view to division heads for resource allocation decisions. Compared forecast data to identify performance drivers and recommended outlook revisions. Built a 3-tier subscription model for 4 banking services using customer usage data to estimate costs and set limits.	May 2026 — Jun 2026 <i>Warsaw, Poland</i>
Founding Team, CTO Zorbe Focused on distilling AI models that outperform frontier models on specific tasks. Reached \$2M cARR in 7 weeks.	Jul 2025 — Jul 2025 <i>New York, NYC</i>

EDUCATION

The Wharton School <i>Bachelor of Science</i> Currently on leave; returning 2027	Aug 2025 — Present
Stanford University <i>Student Researcher</i>	Sep 2024 — Mar 2025
Ecole Jeannine Manuel <i>High School Diploma</i> Highest Honors; AP Calculus BC, AP European History, AP English Language and Composition; SAT 1540	Sep 2011 — Jul 2025
University of Pennsylvania
