

Scott Bolin

Founder/CEO

Raleigh, NC, United States | [LinkedIn](#)

With over a decade of experience as a co-founder, CEO, and advisor, I have been deeply involved in early-stage startups, strategic partnerships, and technology commercialization. Through my work as a CEO/Executive, startup advisor, educator, and board member, I am committed to fostering innovation, supporting entrepreneurial ventures, and maximizing the potential of groundbreaking technologies in multiple industries.

As a Lecturer at North Carolina State University, I teach MBA/MSE 576, the foundational course in the renowned NCSU TEC sequence. This program focuses on evaluating and commercializing early-stage technologies from lab to market, fostering innovation and entrepreneurship. Returning to this pioneering program, which has launched numerous startups and significant ventures, aligns with my mission to empower the next generation of innovators.

EXPERIENCE

Deal Partner Boardy	Dec 2025 — Present <i>Raleigh, North Carolina, United States</i>
-------------------------------	---

Lecturer North Carolina State University I teach MBA/MSE 576 which is the first part of the NCSU TEC sequence, a groundbreaking program for evaluating and commercializing technology from the lab to the marketplace. TEC is a legacy program that is taught around the world based on this original course and has seen many startups launched and hundreds of millions of dollars (including my first company TETHIS). I'm honored to be returning to the program that taught me how to commercialize technology and education and excited to steward the course.	Oct 2025 — Present
