

Nathan Han

Investment Banking Associate, Energy Transition

New York City, NY, United States | [LinkedIn](#)

Investment banking professional with expertise in energy transition and infrastructure finance, having led valuations and deal execution across M&A and capital raises.

EXPERIENCE

Investment Banking Associate, Energy Transition Nomura Greentech	Jun 2026 — Present <i>New York City Metropolitan Area</i>
Leading valuations and deal execution on energy transition transactions. Owned DCF and sum-of-the-parts modeling for a \$2.5B energy-as-a-service M&A process, managing assumptions across contract renewals, asset utilization, and capex scenarios. Built financial models for a \$300M preferred equity raise in distributed solar, advising on capital structure mechanics and investor returns. Assembled diligence materials and stress-tested a \$565M LBO financing for Blackstone's acquisition of Dresser Utilities, conducting sensitivity analysis on leverage and credit metrics.	
Investment Banking Analyst, Energy Coverage Texas Capital Securities	Sep 2024 — Jun 2026 <i>Houston, Texas, United States</i>
Executed energy sector M&A and capital raises totaling \$5B+. Developed asset maps and valuation analysis for a \$105M merger of Epsilon Energy and Peak Resources, supporting board materials and MIPA negotiations on working capital and purchase price adjustments. Prepared offering memoranda and investor materials across multiple debt and equity offerings, conducting valuation analyses using trading comparables, reviewing credit metrics, and drafting business disclosures for transactions including a \$201M follow-on offering, \$230M follow-on offering, and \$350M senior notes offering.	
Aircraft Asset Finance Analyst Macquarie AirFinance	Jul 2022 — Jul 2023 <i>San Francisco Bay Area</i>
Modeled aircraft asset financing transactions totaling \$5.6B for next-generation Airbus and Boeing aircraft, including sale-leaseback structures, order book placements, and portfolio bids. Prepared offering documents and bond comparables for a \$500M high-yield bond offering. Conducted credit analysis research using Capital IQ on competitor aircraft lessors.	
Customer Services Engineering Intern Boeing	Jun 2021 — Sep 2021 <i>Everett, Washington, United States</i>
Quality Engineering Intern Boeing	Jun 2020 — Sep 2020 <i>Everett, Washington, United States</i>

EDUCATION

University of Washington <i>B.S. Aeronautics & Astronautics, B.A. Philosophy</i> Dean's List 2018-2019	Sep 2018 — Mar 2022
University of Washington <i>Bachelor of Science - BS in Aerospace, Aeronautical and Astronautical Engineering</i>	Sep 2017 — Mar 2022
University of Washington <i>Bachelor of Arts - BA in Philosophy</i>	Sep 2017 — Mar 2022

PROJECTS

AAMH initiative at University of Washington, Mental Health Awareness Campaign Led a mental health awareness campaign that drove significant growth in organizational membership. The effort included outreach and engagement activities to build awareness around mental health topics within the university community.
Large-scale fundraising event for AAMH, Mental Health Fundraiser Gala Organized a 500+ person gala event with external sponsor coordination, marketing across student groups, and full event logistics management including entertainment and catering. Raised funds for mental health organizations across the Seattle area.
Quarterly educational workshops for AAMH, Mental Health Awareness Workshops Co-facilitated and organized quarterly workshops covering mindfulness, model minority issues, Asian American hate crimes, and suicide prevention. Developed and delivered educational content to engage the university community on mental health topics.
