

# Chuk Anyaegbuna, MD

*Clinical Specialist, Health AI*

San Francisco, CA, United States | [LinkedIn](#) | [Website](#) | [Substack](#)

Physician and health AI product leader who evaluates clinical quality and safety of consumer health AI at Apple, with prior product leadership experience at four venture-backed health tech companies and a Harkness Fellowship at Stanford.

## EXPERIENCE

---

### Clinical Specialist, Health AI

Apple

Jul 2026 — Present  
*Cupertino, California, United States*

Evaluate clinical quality and safety of consumer health AI from rubric design to expert adjudication. Built a web tool that trains clinician raters on rubrics and gates adjudication on blind agreement checks.

### Visiting Instructor

Stanford University School of Medicine

Sep 2025 — Present  
*San Francisco, California, United States*

### Harkness Fellow

The Commonwealth Fund

Sep 2025 — Present  
*United States*

### Harkness Fellow in Health Care Policy and Practice

Stanford University School of Medicine, HealthRex lab

Sep 2025 — Jun 2026  
*Stanford, CA*

Built a Python and LLM prototype extracting diagnoses from discharge summaries that caught 50%+ of clinical documentation integrity queries previously needing clinician review. Led FDA engagement on unique device identifiers for tracking clinical AI algorithms and designed an IRB-approved patient comprehension study of four LLMs across eight languages.

### Founding Product Lead

Eucalyptus

Mar 2025 — Sep 2025  
*Greater London, England, United Kingdom*

Launched a male-focused GLP-1 weight management service in the UK, reaching 2,000+ users in its first months.

### Rising Leader Fellow

Aspen Institute UK

Nov 2024 — Present  
*London Area, United Kingdom*

### Mentor

BiteLabs Healthtech

Apr 2024 — Jun 2024  
*London Area, United Kingdom*

The BiteLabs Healthtech and Innovation Fellowship is the UK's largest programme to equip clinicians with the skills, practical experience, network, and education to work with leading tech and life sciences companies.

I was a mentor to a set of Fellows selected for the Spring 2024 batch

### Technical Product Manager

Scarlet

Mar 2024 — Mar 2025  
*London Area, United Kingdom*

Built the Pre-Application product, cutting the sales cycle by 75% and generating £300k+ contracted ARR within first months. Worked with MHRA and EU notified bodies to streamline compliance pathways for digital health products under EU MDR.

### Product Manager & Head of Clinical Services

Koa Health

Jul 2021 — Jun 2024  
*London, England, United Kingdom*

Employee #4 in the UK office. Secured a £2M executive budget to build a clinical services division and product line from zero. Led US market launch reaching 20% user uptake against a 1-3% industry benchmark. Led APAC insurer partnership with 200k visits and 8k+ mental health assessments at 85% completion rate. Designed clinical workflows combining licensed therapists with AI-driven triage and patient matching.

### Clinical Programmes and Partnerships Lead

Healthy.io

Aug 2019 — Jul 2021  
*London, England, United Kingdom*

Employee #7 in the UK office. Instrumental in securing the £9M NHSX AI Award for kidney disease screening. Scaled AI-powered home kidney testing to 500,000+ patients across 60% of UK Integrated Care Boards, finding undiagnosed kidney disease in 30%+ of high-risk cohorts. Hired 10+ staff, managed 4 direct reports and raised patient NPS from 30 to 60+.

### Intern

Candesic

May 2019 — May 2019  
*London, United Kingdom*

### Content Writer

Dem Dx

Sep 2017 — Sep 2018  
*London, United Kingdom*

I supplied written medical content across a range of specialities including neurology, respiratory and cardiology.

### Foundation Doctor (F1/F2)

Barts Health NHS Trust

Aug 2017 — Aug 2019  
*London, UK*

Clinical rotations in emergency medicine, surgery, psychiatry and general practice. Led an audit that cut documentation errors by 20%.

**Lead Mentor** Jan 2012 — Jan 2013  
Debate Mate *London, United Kingdom*  
I was the lead Debate Mate mentor for a group of 20 kids who attended an underprivileged school in East London. I liaised with colleagues, teachers and my assistant mentor in teaching these young children in the intricacies of debating.

## EDUCATION

---

**Quantic School of Business and Technology** Sep 2021 — Jun 2021  
*Master of Business Administration - MBA in Business Administration and Management, General*  
Full scholarship

**UCL** Sep 2014 — Jun 2017  
*Bachelor of Medicine in Bachelor of Surgery - MBBS, Medicine*  
Distinction in MBBS; Duke-Elder Undergraduate Prize Examination in ophthalmology, top 5% nationally, 2016

## PROJECTS

---

**Oral presentation at Association of Surgeons in Great Britain and Ireland – Annual Meeting 2018**  
Association of Surgeons in Great Britain and Ireland – Annual Meeting 2018 – Quality Improvement Project – Our experience of emergency surgery admissions: A journey in the right direction?  
Chukwuebuka Anyaegbuna, Yasmin Grant, Frank Mayaya, Ali Zehadi, Ruwan Kasturi, Jason Saunders
